New Wall Decorations

are justly prized by every one. There are degrees, though, even in newness, and the highest, finest, brightest, and most taking degrees of novelty and artistic uniqueness are shown in our pleasing assortment of many different designs. Leading artists of national repute have contributed to this superabundance of riches. The qualities in each and every roll are top value for the money, with prices as striking as a hammer. Come and take your pick!

Wall Paper, Room Mouldings and Painters' Supplies.

Your Buildings

will look a hundred times better, last many years longer, and fetch a higher price in case you wish to sell, if you keep them well and handsomely painted. A fine coat of paint is like a dress suit, and puts a building in proper shape for show. Nothing pays better than keeping a house up. It costs something to build, and paint is a cheap preservative.
